

Milkshake Math Multiplying fractions by a whole number **Math 5**

Who doesn't love milkshakes? Today we are going to celebrate how fun math is by making milkshakes. Please follow these safety rules:

- Eat only when instructed to.
- Food that touches the desk or the ground goes directly into the garbage.
- Do not share or switch food with other students.
- Follow directions so that food is not contaminated.
- Wear your gloves at all times.

Milkshake recipe (makes 4 servings)

- $\frac{3}{4}$ cup strawberries (fresh or frozen)
- $\frac{1}{2}$ cup cashews (must be unsalted, can be roasted or raw)
- $\frac{3}{4}$ teaspoon of sugar
- $1 \frac{1}{4}$ teaspoon vanilla extract
- $2 \frac{1}{2}$ cups milk

Number of students in the class: _____

Ingredients:	Amount of ingredient needed to make milkshakes for the entire class
$\frac{3}{4}$ cup strawberries (fresh or frozen)	
$\frac{1}{2}$ cup cashews	
$\frac{3}{4}$ teaspoon sugar	
$1 \frac{1}{4}$ teaspoon vanilla extract	
$2 \frac{1}{2}$ cups milk
