

Multiplying Multi-Digit Whole Numbers

Bell Work
Math 5

Part 1: Write the multiplication problem given the area models.

1.

2.

Multiplying Multi-Digit Whole Numbers

Bell Work

Math 5

Part 2: Write the multiplication problem given the expanded form of the addends.

1. $(4\,000 + 600 + 10 + 2) \times (500 + 70 + 1) =$

2. $(70\,000 + 5\,000 + 500 + 60 + 3) \times (80 + 9) =$
