

**Part A:**

**Counting Sheep**

Count the size of the group in terms of the sheep inside the box below.

**What is the size of the group of white sheep?**

**What is the size of the group of red sheep?**

**What is the size of the group of purple sheep?**

**What is the size of the whole group of sheep?**

# Division: The Size of the Group

Bell Work

Math 3

## Part B:

Put the corresponding number of dots in the following containers.

1. 8

2. 11

3. 15

4. 10

## Part C:

Color the rectangle red if the number of dots is even, and color the rectangle blue if the size is odd.
